

Experience

Freelance Web and Graphic Designer | January 2021 - Present

During my time as a Freelance Web and Graphic Designer, I have been fortunate to collaborate with clients in developing their brand identities and translating them across various mediums. My expertise extends to crafting websites, logos, business cards, signage, as well as additional print and digital materials, ensuring a cohesive and impactful visual representation.

Careington International Corporation | Graphic Designer | October 2017- February 2022

As a Graphic Designer at Careington, I had the privilege of working closely with clients and our team to produce compelling marketing materials, brand assets, web elements, and business proposals. Each project involved a thorough understanding of our clients' target audience and their specific needs. By leveraging this knowledge, I worked to create captivating products that effectively engaged customers and motivated them to utilize our clients' services.

Titan Web Marketing Solutions | Graphic Design Intern | May 2016 - August 2016

While at Titan, my primary role revolved around conceptualizing and executing website designs from inception to completion. Additionally, I took on diverse projects including logo design, image editing for blog posts, and providing guidance to social media interns on crafting visually engaging Facebook ads.

Fast Signs | Graphic Design Intern | June 2015 - July 2015

At Fast Signs, I collaborated closely with clients to produce an array of print materials, ranging from business cards and brochures to yard signs and car wraps. By leveraging my knowledge, I ensured the creation of visually striking and effective collateral that met our clients' specific requirements.
